REGULATIONS TO BE OBSERVED REGARDING
THE LIGHTING OF FIRES

- (1) Where provided, only prepared fireplaces must be used. It is an offence to light a fire other than in a prepared fireplace, where available.
- (2) Where no fireplace is provided, a space of at least 6 feet in diameter must be cleared from the site of the fire. All inflammable goods must be kept clear of the fireside. No fire must be left temporarily or permanently, unless it has been completely extinguished.
- (3) It is a serious offence to light a fire on any State Forest Reserve or National Park. The penalties for a breach of this regulation are very severe. It is also an offence to enter a reserve without written authority from a Forest Ranger.
